Captain Dalton has the enviable record of having saved from death by drowning 278 men, women and children. He has received 148 gold and silver medals of honor. During Captain Dalton's visit the life saving service on Lake George was thoroughly reorganized and thirty-five life saving stations were instituted along the lake.

W. H. Tippetts was appointed Commodore for Lake George, and Charles F. Burdams, Vice-Commodore. These stations will be thoroughly equipped with life saving appliances within a week.

One object of Captain Dalton's visit here was to perfect arrangements for the giving of a grand aquatic carnival, to take place at the head of Lake George in August. A regatta, rowing and swimming contests will also be given, and an exhibition by the department of V. L. S. C. of life saving appliances, consisting of life boats and life rafts, the methods of life saving while at work and exhibitions of fancy swimming and rescuing of drowning people. Captain Dalton will bring here with him on the day of the carnival fifteen or twenty men, experienced life savers in the employ of the department, and four lady swimmers.

Arrangements will be made to make the event of the carnival a gala day on Lake George.

## FIRE ISLAND EVENTS.

Gay Social Functions Pass Away the Time at This Resort.

Fire Island, L. I., July 16.—The week at this resort has been notable for the great number of gay social functions which have been witnessed at the Surf Hotel, the members of the Summer colony, owing to the remarkably cool weather prevailing, being deterred from reaping the full mead of outdoor recreative sports. Every evening during the week dancing, games or singing have been enjoyed. The children have not been forgotten by Mr. Wall, and for their special benefit games and hops have been arranged. The cool weather has proved a boon to the fishermen—at least to those who are not frightened at the chilly weather—and some large catches of fish have been brought to the house.

"Say, I'll take an oath that R-I-P-A-N-S saved my life.

"I was on a little racket for about three or four weeks and the boys all had me dead. Well, say, I just dosed myself with R-I-P-A-N-S and you see me now. I eat four meals a day and never felt better in my life.

"The other day I was sitting down talking to 'Billy the Butcher' and was telling him just what R-I-P-A-N-S did for me. There was a Swede came in about that time, and when I got through talking to Billy nothing would do but I must write down the name Ripans for the Swede, and he is using them right along now.

"Everybody in this neighborhood can tell you that they thought I was good for a funeral before I commenced taking R-I-P-A-N-S. Now look at me. Don't look much like I am going to croak, do I?

"Well, I don't know the fellow that got up Ripans, but whoever he is he is entitled to a monument."

The above utterances were taken down literally as they were spoken by Wm. M. Doran, the barkeeper at Shea's Cafe, No. 6 Front St., corner Moore St., New York. Mr. Doran lives at 107 Broad Street and is always glad to tell of his experience with Ripans Tablets to any interested person who visits him either at his home or at his place of business.
